**PACKAGING and AVAILABILITY PERIOD:**

**Preforma 26 strip is sold as 25. They are shipped in multiples of 100. The packaging setup will allow us to put either 100, 200, or 300 in a box. That determination will depend on the product size at shipping time. Most all products in the Preforma 26 strip will be shipped 300 in a box. A minimum order will be 300 plants if only the Preforma 26 strip is ordered. Once 300 plants are ordered, the increments will be every 100 plants for even boxing for shipping freight. Please remember that for customers either picking up product or having it delivered by Malmborg's/Wagner's, those orders do not have to be multiples of 100.**

**Kwik Kombos and Confetti Trios are rooted in a larger Ellepot plug in multiples of 17 per strip. This 17 strip has the same width and length as the above mentioned Preforma 26 strip. These strips can be combined in packaging with the Preforma 26 strip.**

**Ellepot 18 and 24 strips (both Ellepot 18 and the 24 strips are 1/2 the width of a standard tray) are shipped in multiples of four strips. Each box contains four strips of any of these Ellepot or 24 count strips. These cannot be combined in the boxes with the Preforma 26 strip or the Kwik Kombo 17 strip. A minimum order of only these strips would be 8 strips to fill two boxes. When combined with other items for even boxing for freight, every order must have increments of four strips of any of the items in these categories.**

**Assortment trays are true size flats and will ship two per box. This tray uses the same box as Ellepot 18 and 24 strips. A single assortment tray can be combined with two Ellepot 18 strips or two 24 strips to fill a box.**

**What would be a minimum order when combining different trays?**

**If you have four strips of either the 18 Ellepot or 24 strips, or two assortment trays, then you would need 8 strips (200 plants) of the Preforma 26.**
